- **Power Up Meeting – A6**

Parents will be given ideas on how to use the resources in the 'Power Up Pack' with their child at home, to prepare them for school. This session is for the parents of pre-school children.

- **Making Maths Fun – A2**

An interactive session where a smorgasbord of ideas will be presented. You can have so much 'maths fun' with a few basic items from the \$2 shop. Let us also show you a few of our favourite websites you can access.

- **RTTW (Reading To, Talking With) – B2**

Learn about the fun you can have sharing books with children when **you**, the parent or caregiver, do the reading and prompt the talking.

- **Strategic Mathematicians - B3**

Interactive Learning Session exploring maths strategy thinking. Parents will leave with ideas to help their children use higher level, more efficient strategies to solve maths problems.

- **Reading Comprehension Strategies - Learning Centre**

Learn about the Strategies your child needs to know and be confident in using to be a successful reader. Each attendee will receive a take home booklet that describes and models the strategies that are being taught in the classroom

- **Maths Matters – C2**

Come join us to break down some of the vocabulary associated with mathematics in the classroom. We will show you the numeracy stages and what your child can be expected to be doing at each stage. You will take away a copy of the presentation notes for future reference.
